SANLORENZO SX88

BOATSTERS BLACK

M/Y LA

Where Design Meets Freedom

The LA, the SX88 by Sanlorenzo represents a new chapter in the evolution of yacht design, a seamless fusion of elegance, innovation, and a deep connection to the sea. More than a yacht, she is a modern sanctuary, built for those who seek beauty not only in form but in the experience of movement, light, and space.

SANLORENZO

A VISION REMAGINED

When Sanlorenzo unveiled the SX line, it redefined what a yacht could be: not merely a vessel, but a floating villa where boundaries between interior and exterior dissolve. The SX88, the first model of this visionary range, embodies this philosophy to perfection. Every line and every proportion of her design tells a story of freedom and balance, of architecture meeting artistry.

With her clean, powerful profile, the LA SX88 captures attention effortlessly. The sculpted hull, the expansive glazing, and the smooth continuity between decks create an impression of both strength and serenity. Her distinctive reverse bow and bold silhouette are not just aesthetic choices; they are the visual signature of a yacht designed to challenge convention.

THE HEART OF OPEN LIVING

Inside, the SX88 breaks away from traditional layouts. The main deck flows as a single open space where salon, dining, and helm areas coexist without walls or interruptions. Natural light floods through panoramic windows, framing every view as a living canvas of the sea.

At the heart of this design lies a belief that life onboard should feel as effortless as life in a modern coastal home. The open-plan arrangement, crafted under the creative direction of Piero Lissoni, brings a sense of warmth and contemporary elegance. Every detail, from the selection of textures and tones to the minimalist furniture, has been curated to evoke calm and authenticity.

INNOVATION IN EVERY ELEMENT

The SX88 is powered by the spirit of innovation. With her advanced Volvo Penta IPS propulsion system, she glides through the water with exceptional efficiency and control. The bridge, relocated to the flybridge, opens the main deck entirely for social living, a revolutionary concept that became the hallmark of the SX series.

Below deck, four beautifully appointed staterooms offer serene privacy for up to eight guests, complemented by a full-beam master suite that reflects the same refined sensibility found throughout the yacht.

A NEW WAY TO EXPERIENCE THE SEA

Perhaps the most defining feature of LA SX88 is her stern, a vast multifunctional beach area that transforms into a sea-level terrace. Here, the ocean becomes part of daily life: a place for swimming, sunbathing, launching water toys, or simply enjoying the horizon. It is where design and nature meet in perfect harmony.

This space captures the essence of the SX philosophy: that luxury is not about excess, but about proximity, to the sea, to the elements, and to the moment itself.

THE SPIRIT OF LA SX88

For those who step aboard, LA SX88 is not just a yacht; she is a statement of how we live today. Effortlessly modern, intelligently designed, and quietly powerful, she represents the purest expression of Sanlorenzo's artistry and innovation.

She is for those who understand that the true luxury of yachting lies not in being seen, but in seeing the rhythm of the waves, the play of light, and the freedom to move without boundaries.

GENERAL

MAIN		DIMENSIONS	
• Brand	Sanlorenzo	• Length	26.7m
• Type	SX88	• Beam	7.2m
• Year built	2022	• Draught	1.7m
• Yacht name	SX88		
• Build number	#85		
• Mooring	Monaco	SPEED & RANGE	
		• Cruising speed	20Kn
		• Maximum speed	23Kn

GENERAL

CONSTRUCTION

• Builder	Sanlorenzo S.P.A.
• Hull material	GRP
• Hull type	Deep V
• Superstructure material	GRP
• Deck material	Teak
• Classification	B

TANK CAPACITIES

• Fuel	9300l
• Water	2000l
• Grey water	550l
• Black water	550l

ENGINES & TECHNICAL

ENGINES & PROPULSION

• Main Engines	3x Volvo Penta D3 IPS 1050
• Engine power	3x 800hp
• Engine hours at date	669

ELECTRICAL SYSTEM

• Main Generators	11x28
• Generator Hours at date	1984
• Battery charge(s)	Multiple Battery charger, see standard equipment / Battery charger 12V 25A for generator batteries
• Inverter	Inverter Mastervolt 24V 5000W

ACCOMMODATIONS & LAYOUT

GENERAL

• Cabins	4+1
• Beds	8+3

GALLEY & LAUNDRY

• Diswasher	Yes
• Microwave	Yes
• Cooktop	Cooking top 75 cm - diff. From standard 60 cm
• Oven	Yes

• Fridges	Yes in Galley Additional one in Owners Cabin Additional MIELE Fridge under the central island in galley
