**M/Y ASTRIMARE II**  
**Where Modern Italian Style Meets**  
**the Sea**

---

M/Y ASTRIMARE II, the 26.76-metre SL86 by Sanlorenzo, brings together style, speed, and the pure essence of life at sea. With a generous 6.35-metre beam and sleek planing profile, she delivers both performance and comfort, cruising smoothly at around 27 knots with a top speed of 32 knots.

Her flowing spaces and wide windows immerse guests in light and horizon, creating a calm and contemporary atmosphere for up to 8 guests across 4 cabins. More than a yacht, she is a refined escape where every moment feels effortless and every destination feels closer.

# A VISION REDEFINED

---

When Sanlorenzo created the SL line, it elevated the idea of a performance yacht into something far more architectural. The SL86 is the pure expression of this vision, where design becomes emotion and the sea becomes part of every space. M/Y ASTRIMARE II embodies this philosophy with confidence and beauty.

Her sleek profile and generous windows form a continuous dialogue with the surroundings, giving the yacht a presence that is both assertive and serene. The balance of sharp geometry and soft curves highlights the craftsmanship behind every surface. Nothing feels accidental every proportion reflects intention and lifestyle.

## A SPACE WITHOUT LIMITS

---

Inside, the SL86 invites a new way of living at sea. M/Y ASTRIMARE II offers a fluid main deck where salon, dining area, and navigation space connect naturally, creating one expansive environment shaped by light and openness. Wide windows embrace the horizon, turning every angle into a moving portrait of the ocean.

The design follows a simple idea comfort should feel effortless and modern. Refined materials, soft tones, and uncluttered furnishings come together to create a warm contemporary atmosphere. Aboard M/Y ASTRIMARE II, life flows with ease and every moment feels connected to the sea that surrounds you.

# A BOLD EXPRESSION OF POWERFUL PERFORMANCE AND REFINED COMFORT

---

M/Y ASTRIMARE II channels performance through thoughtful innovation. With twin MAN engines delivering strong acceleration and smooth cruising, she moves with confidence and ease across every coastline. Control and comfort work together to create a fast yet refined experience on the water.

Below deck, four elegant staterooms welcome up to eight guests in peaceful privacy. The full beam master suite mirrors the yacht's contemporary character, offering generous space and a serene atmosphere. Every detail reflects a commitment to comfort, style, and effortless living at sea.
