COOLr  
STEELER BRONSON 65

# COOLr

## The Evolution of Dutch Custom Performance

---

The Steeler Bronson 65 "COOLr" doesn't just travel; she commands the horizon.

This 18.80-meter aluminum marvel is a masterclass in Dutch engineering, perfectly balancing a 5.25-meter beam with a seamless blend of high-octane power and refined elegance.

# A SANCTUARY IN MOTION

---

At the heart of the Steeler Bronson 65 "COOLr" experience is a transformative wheelhouse that acts as a sanctuary in motion. Her electrically adjustable high-low roof and integrated sunroof instantly evolve the deck from a protected helm into an open performance cruiser, where panoramic views unfold with every mile.

Combined with generous deck spaces and a hydraulic bathing platform, this versatile retreat is engineered for seamless transitions between thrilling acceleration and serene relaxation. Whether enjoying sunlit gatherings on the Flexiteek decks or quiet escapes in the two luxurious cabins below, alfresco living is not just a feature, but the defining essence of this aluminum masterpiece.

## A PRIVATE SANCTUARY AT SEA

---

Inside COOLr, sophistication unfolds through contemporary aluminum lines and a design that invites the horizon into every space. Expansive windows and a 2.4-meter headroom bathe the interior in natural light, framing the sea as a living backdrop. Thoughtfully appointed furnishings across two private cabins create an atmosphere of understated luxury, where comfort and style exist in perfect harmony. Every detail is curated to enhance the sense of intimacy, turning the interior into a private sanctuary at sea.

# ELEVATED ALFRESCO LIVING

---

Above decks, COOLr invites pure relaxation and conviviality through a transformative design that adapts to every mood. The expansive Flexiteek decks reveal a generous layout, featuring an electrically adjustable high-low roof and integrated sunroof that instantly opens the heart of the yacht to the sky. From leisurely breakfasts prepared in the well-equipped galley to sunset aperitifs served on the hydraulic bathing platform, each moment unfolds with ease and elegance. Thoughtful engineering, including Seakeeper 9 stabilization, ensures a serene retreat, allowing guests to indulge in uninterrupted privacy whether in high-speed celebration or quiet coastal discovery.

## PERFORMANCE MEETS PURE ARTISTRY

---

The Steeler Bronson 65 "COOLr" is a masterclass in Dutch aluminum engineering, spanning 18.80 metres with a 5.25-metre beam. Her defining feature is an electrically adjustable high-low roof and integrated Pioneer DDJ-800 DJ set, transforming the yacht into an open-air performance stage at the touch of a button. Whether carving through waves with Twin Volvo Penta IPS 1350 engines or anchored in a quiet bay, Seakeeper 9 stabilization and a deeper V-hull ensure absolute composure.

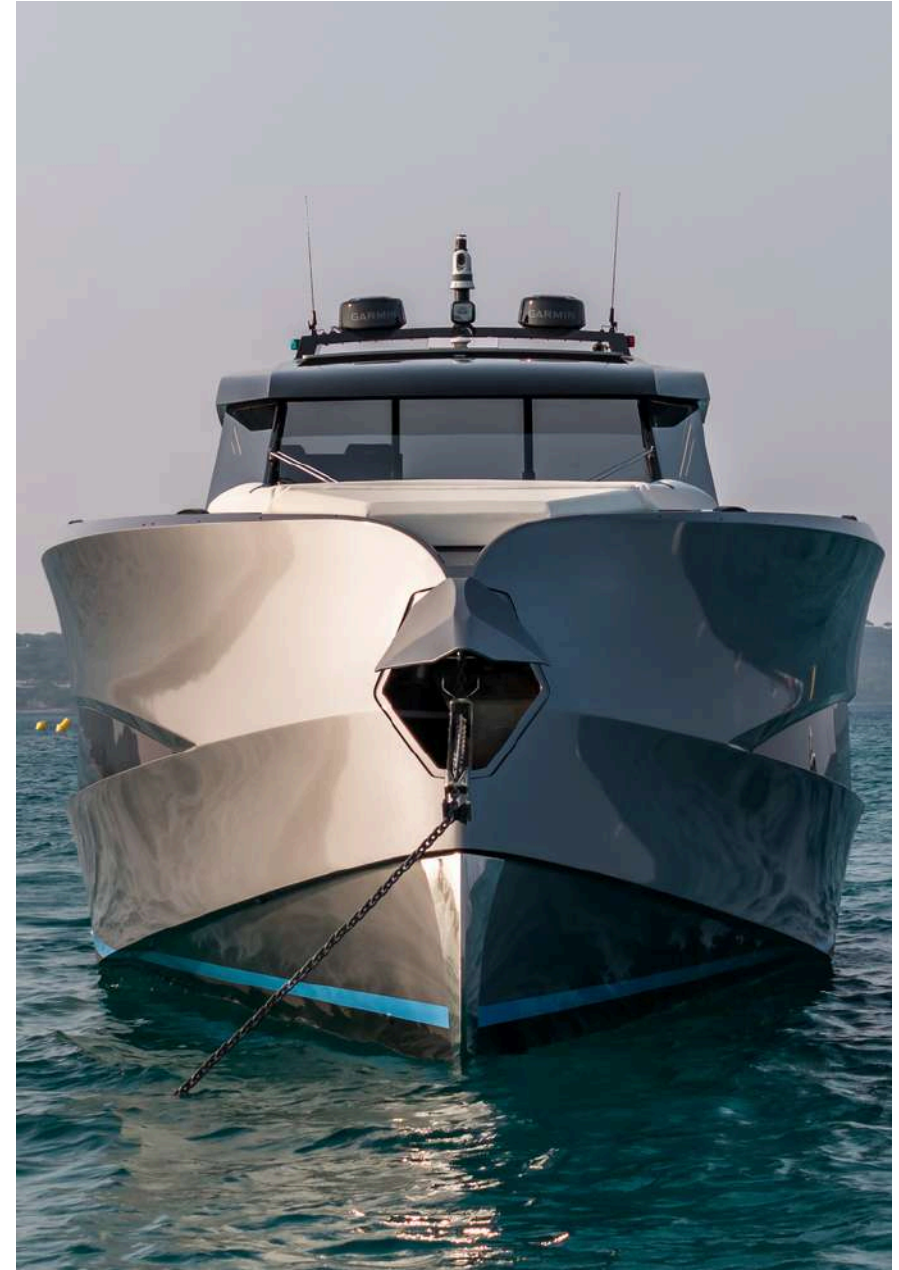

From the integrated tender garage to the hydraulic bathing platform, every detail offers effortless access to the sea. This private retreat matches the thrill of the journey with the comfort of two luxurious cabins boasting a remarkable 2.4 metres of headroom. Inside, contemporary lines and expansive windows frame the sea as a living backdrop, while a German Maestro audio system and Bosch-equipped galley turn the interior into a sophisticated sanctuary.

- Webasto Isotemp boiler 75 L

A close-up photograph of a silver car's body panel. The surface has a fine, metallic texture. Two badges are visible: a circular emblem with a stylized 'S' logo above the word 'Sleeper' in a bold, sans-serif font, and a larger badge below it that reads 'Sleeper Yacht' in a similar font. The background shows a clear blue sky and a blurred view of the car's interior and exterior panels.
